~ 'Tis the Season! ~

It is that time of the year once again, when bar-ba-loots frolic in the white, puffy snow, swomee swans decorate the skies as they fly by in their thick, colorful plumage, and humming fish sing carols of sleigh rides and tinkling bells all throughout the winter months. Christmas is drawing nigh upon us, and with it comes more fandom news, holiday art, and much, much more!

In this issue, we cover bits and pieces of updates that have come upon us over the last couple of weeks, including another fan meet-up, blog highlights, and new news on the masterpost! •

Fans of a Feather...

Hugs and headcanons. Ships and supports. Through all the ups and downs that fandoms go through, there will always be someone to pick us up and make us smile.

Keeepthefandomtogether-ler offers up kind words of support and encouragement, willing us to stick together through the tough times and to bring a grin upon every face, no matter what kind of a day they're having!

Imaginetheaskblogs proposes just what their title says. What if the ask blogs went to a movie? Got lost in the woods? Drowned in marshmallows? Okay, perhaps that last one is a little silly. Nevertheless, tossing head-canons to and fro inspires more creativity among fans, and may even give birth to artwork and fan fiction.

Unpopularoncelershipsupport is there for those of you who support unusual pairings of the Once-ler with other characters, and they won't judge you for it either.

A Masterpost blog? An upcoming meet-up? We have all that and more!

Fandom Masterpost Blog - Now Open!

That's right. You heard correctly. The master-post blog that fandom member Swaggermimint has been working on for over a month is now officially open to the public! There are still a few pages left to be completed, but fans will still find this blog to be incredibly useful. Every ask blog in existence in the fandom is listed there, along with links to such things as confessions, fan fiction, fandom pairings, AU blogs and events, and, yes, even the "Press"! Be sure to head on over to this great resource here:

Onceling UK Meet-up

Those of you who reside in the UK might want to take note that a Once-ling meet-up will be held in Hyde Park, London on December 28th at 11:00 AM. Find more information here:

Thneed Radio

What if the ask blogs ran a radio station? Two members have toyed with the idea and turned it into their own AU. They're always accepting headcanons: **http://thneedradio.tumblr.com/**

Tasty Treats

Trying to keep off the fat after Thanksgiving? You can still look like a beanpole by eating 'mallows!*

1 Jet-Puffed Jumbomallow
2 Tbsp. Semi-sweet chocolate chips
1 Honey Maid Honey Graham Cracker

**Marshmallows are a delicious treat that have no fat whatsoever!*

Microwave the 'mallow and 2 tbsp. of semi-sweet chocolate chips in a small, microwave-safe bowl on high for 25 sec. or until 'mallow puffs. Stir until blended. Serve as a dip with 1 Honey Maid Honey Graham, broken into rectangles. For a tasty treat with 0 fat, just eat the marshmallow plain!

In Red and Green

Got Game?

Think you know everything about the fandom and its ask blogs? Why not test your knowledge with fandom member **pipsqueak904**'s quiz? See if you're still just a bean sprout... or a full-fledged master!

Yummy Yummies

A most interesting idea was proposed by member **Starxapple** (better known as "Strapple") recently. What if the fandom had its very own cookbook? A number of ideas could be put into play here, with everything from recipes for pancakes... to even special drinks that give a nod to fandom in-jokes. If such a project has not been taken seriously, maybe someone should get on that soon! Strapple's original post on the idea can be found here:

700+ Members!

A milestone has been reached for *The Unless Press*, and it's all thanks to those of you who like, reblog, and just generally support this paper. We now have over 700 members! Thank you so very much for your love!!

Secret Santa

Please be advised that all of you who signed up for the "Unite the Lorax Fandom" blog's Secret Santa have until the last week of this month to submit your gifts. Please submit your gift to the "Unite the Lorax Fandom" blog itself and not the person you created the gift for! It's supposed to be a surprise, after all!

Fires spark and embers fizzle. What's been happening in the AU and abroad?

Behind Closed Doors

Even at the peak of winter, the Zombie AU continues to journey on, albeit at a slower pace these last two weeks. Not much has happened since the chopping off of Swag's foot, but there is still news to report. One-ler, Swag's good friend, went over the deep end very recently when he made to attack Swag. Thankfully, Entre was nearby during the time of the incident, for he managed to apprehend One-ler and lock him in a closet in the vicinity. A displeased One-ler did come to a calm state after a time, but it's a sad arc for our cannibal comrade who seems to be finally feeling the full affects of the dreaded illness that they've all been battling for so long. Entre, meanwhile, has his own demons to worry about. His odd behavior has some anxious fans wondering if he's slowly descending into madness, and whether or not he was unstable from the start. Is Entre on the verge of insanity? Will One-ler eventually turn and become an uncontrollable infected? What new challenges lie in wait for our struggling band of hard-working survivors? Only time will tell what awaits them....

Under the Mistletoe

Relationships between the ask blogs and members of this fandom in a playful and fictional sense is nothing new, but what if things have ever been taken a step further? Do you ever wonder if actual partnerships have been formed between members of this fandom? So have we! If you, personally, would like to share a story of how you met your boyfriend/girlfriend via this fandom, we'd love to hear it! Simply submit your story to the "Press" and give it the title of "Mistletoe". (No more than 500 words, please.) •
